

## Eurocopter EC130

The latest addition to the Heli-Serv fleet is the very impressive looking Eurocopter EC130. It features the latest technology and an enclosed 'Fenestron' type tail rotor for enhanced safety and reduced noise. It's air-conditioned interior comfortably seats 6 passengers plus a pilot and allows for up to six sets of golf clubs within its large baggage compartments.

Its powerful Turbomeca Arriel 2B1 gas turbine (Jet) engine generating 747 SHP makes lifting the troop for a trip to the wineries or a pub tour a breeze.
